

WILDLIFE CHICORY/CLOVER MIXTURE

- Improved High-Yielding Red Clover
- Hunt Club™ Brand White Clover
- Plot Enhancer™ Brand Chicory

Wildlife Chicory/Clover Mixture is made up of 100% improved varieties selected under intense grazing. **Wildlife Chicory/Clover Mixture** is a combination of both perennial legumes and chicory formulated to produce high protein content all season long. Both **Redlan Max Red Clover** and **Hunt Club™ Brand White Clover** were selected for persistence as well as high stolon counts. **Plot Enhancer™ Brand Chicory** provides continuous feed in the dry summer months due to its tap root system.

Wildlife Chicory/Clover Mixture can be seeded in the Spring or Fall, or Frost Seeded. For optimum growth, persistence, and maturity soils should have a pH of 5.8 or higher and nutrient levels should be adjusted to soil tests results.

Sow **Wildlife Chicory/Clover Mixture** at 12 pound per acre.
